

www.dtcare.org

Thank you for your interest in donating to DTCare's international humanitarian relief work. We are currently collecting items to distribute to trusted partners in Ukraine and Lebanon. Please take a moment to review the list of items we are currently accepting for these programs. If you are a long-time supporter of DTCare, you may notice changes to this list. We are constantly evaluating needs on the ground in the communities we serve; this list reflects the items that are most needed at present time.

If you have any questions about specific items or would like to make arrangements to donate, please contact info@dtcare.org.
